Room to Read seeks to transform the lives of millions of children in developing countries by focusing on literacy and gender equality in education. Working in collaboration with local communities, partner organizations and governments, we develop literacy skills and a habit of reading among primary school children, and support girls to complete secondary school with the relevant life skills to succeed in school and beyond.

Story: Sudhir

Sudhir has worked in education for over 20 years and currently works as an Associate Fellow in Digantar. He began his career working with an alternative education program called Jeevansala in the Panipat district and has since worked with both children and teachers in government and private schools. He enjoys studying language and creating a dialogue with children.
