

# Thiptionida Goes to School

Thiphida is in fifth grade. She is a happy child and works hard at home and in school.

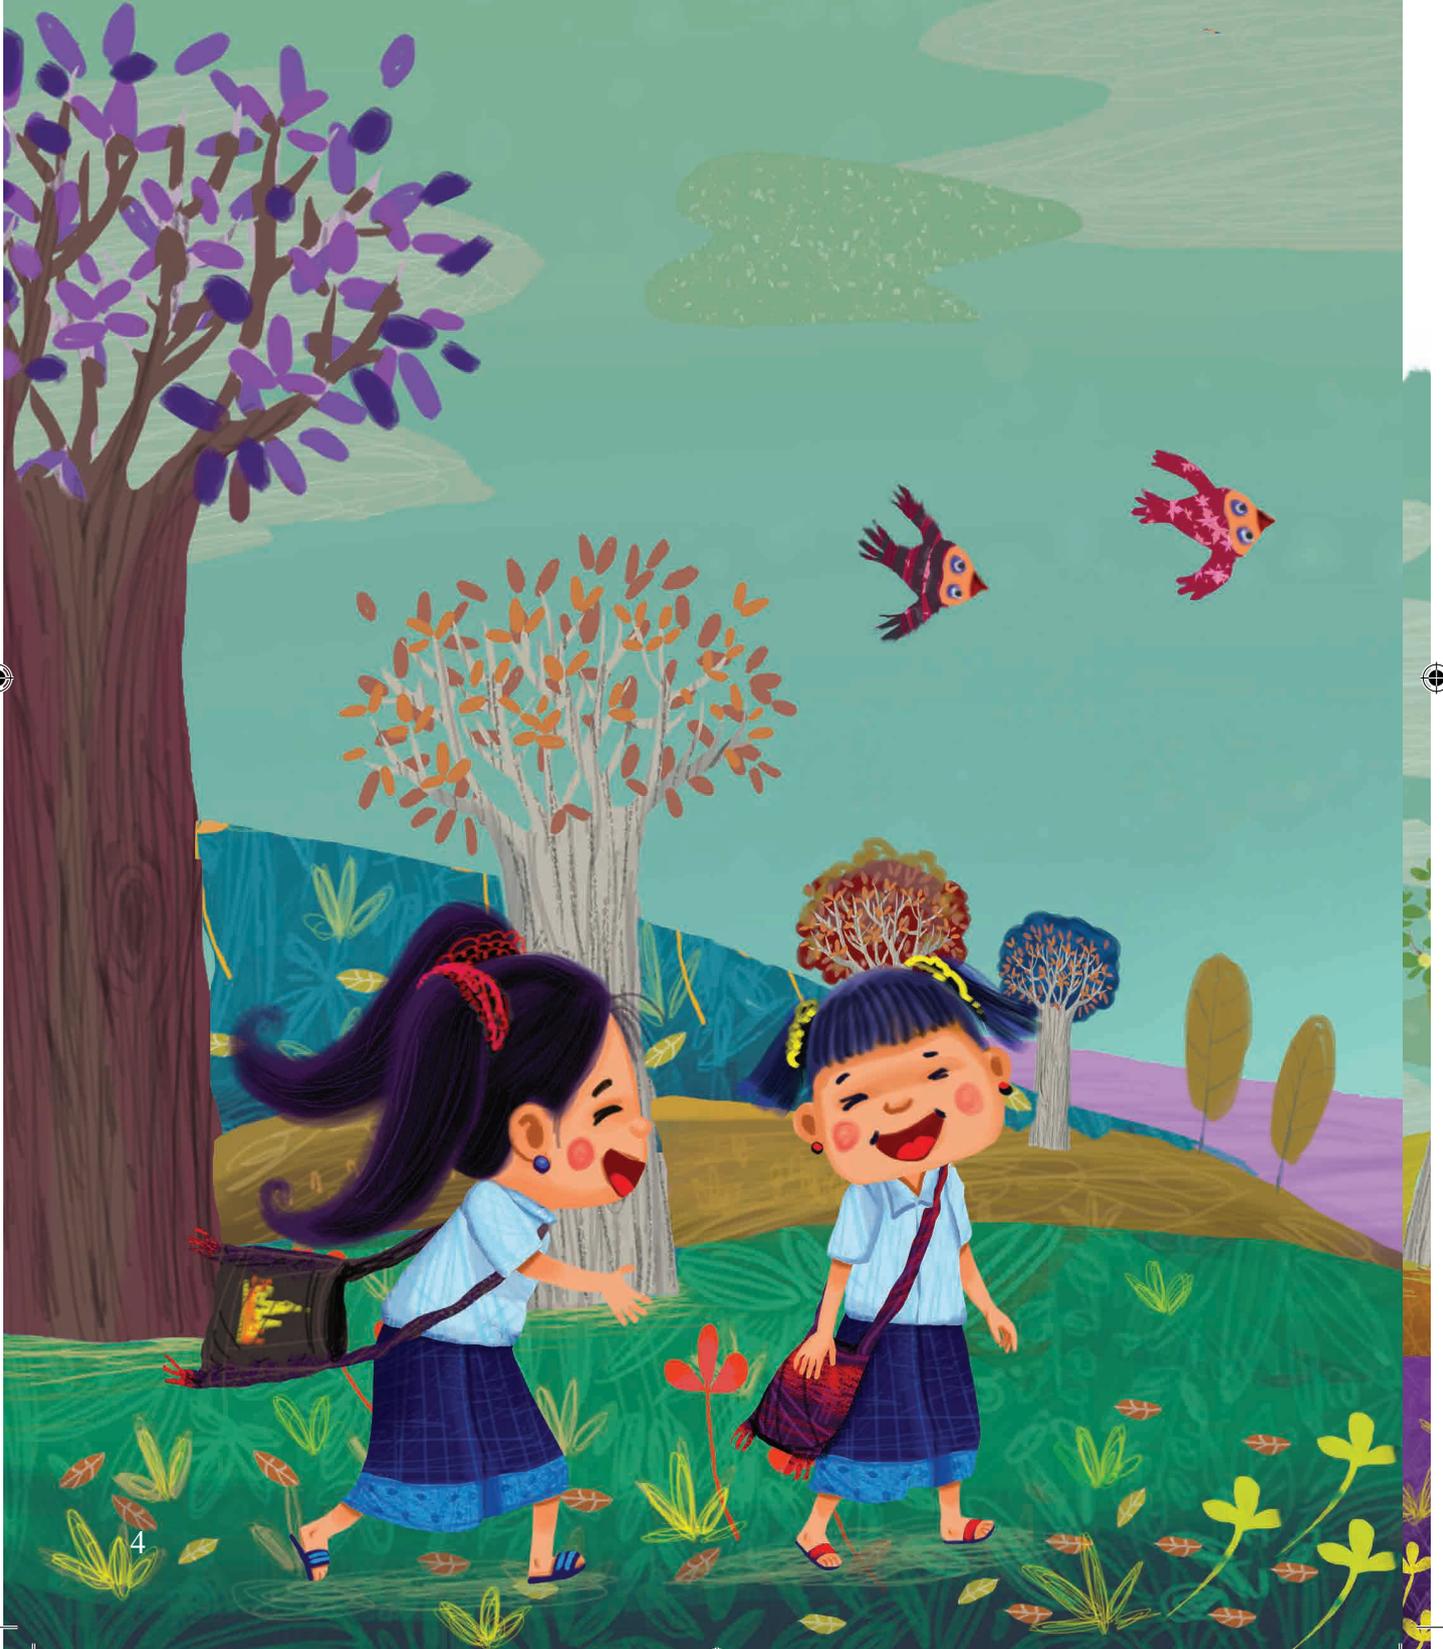

Every morning, she takes a bath, eats breakfast, and gets ready for school.

Then Thiphida walks to school with her friends.

She loves going to school  
every day.

Thiphthida pays attention in class and asks a lot of questions. She wants to learn as much as she can!

After school, she likes to study  
with her friends. They help each  
other and have fun!

One day, her mother tells her,  
“I know how hard you have been working in  
school. I’ll have a surprise for you after you  
take your exam!”

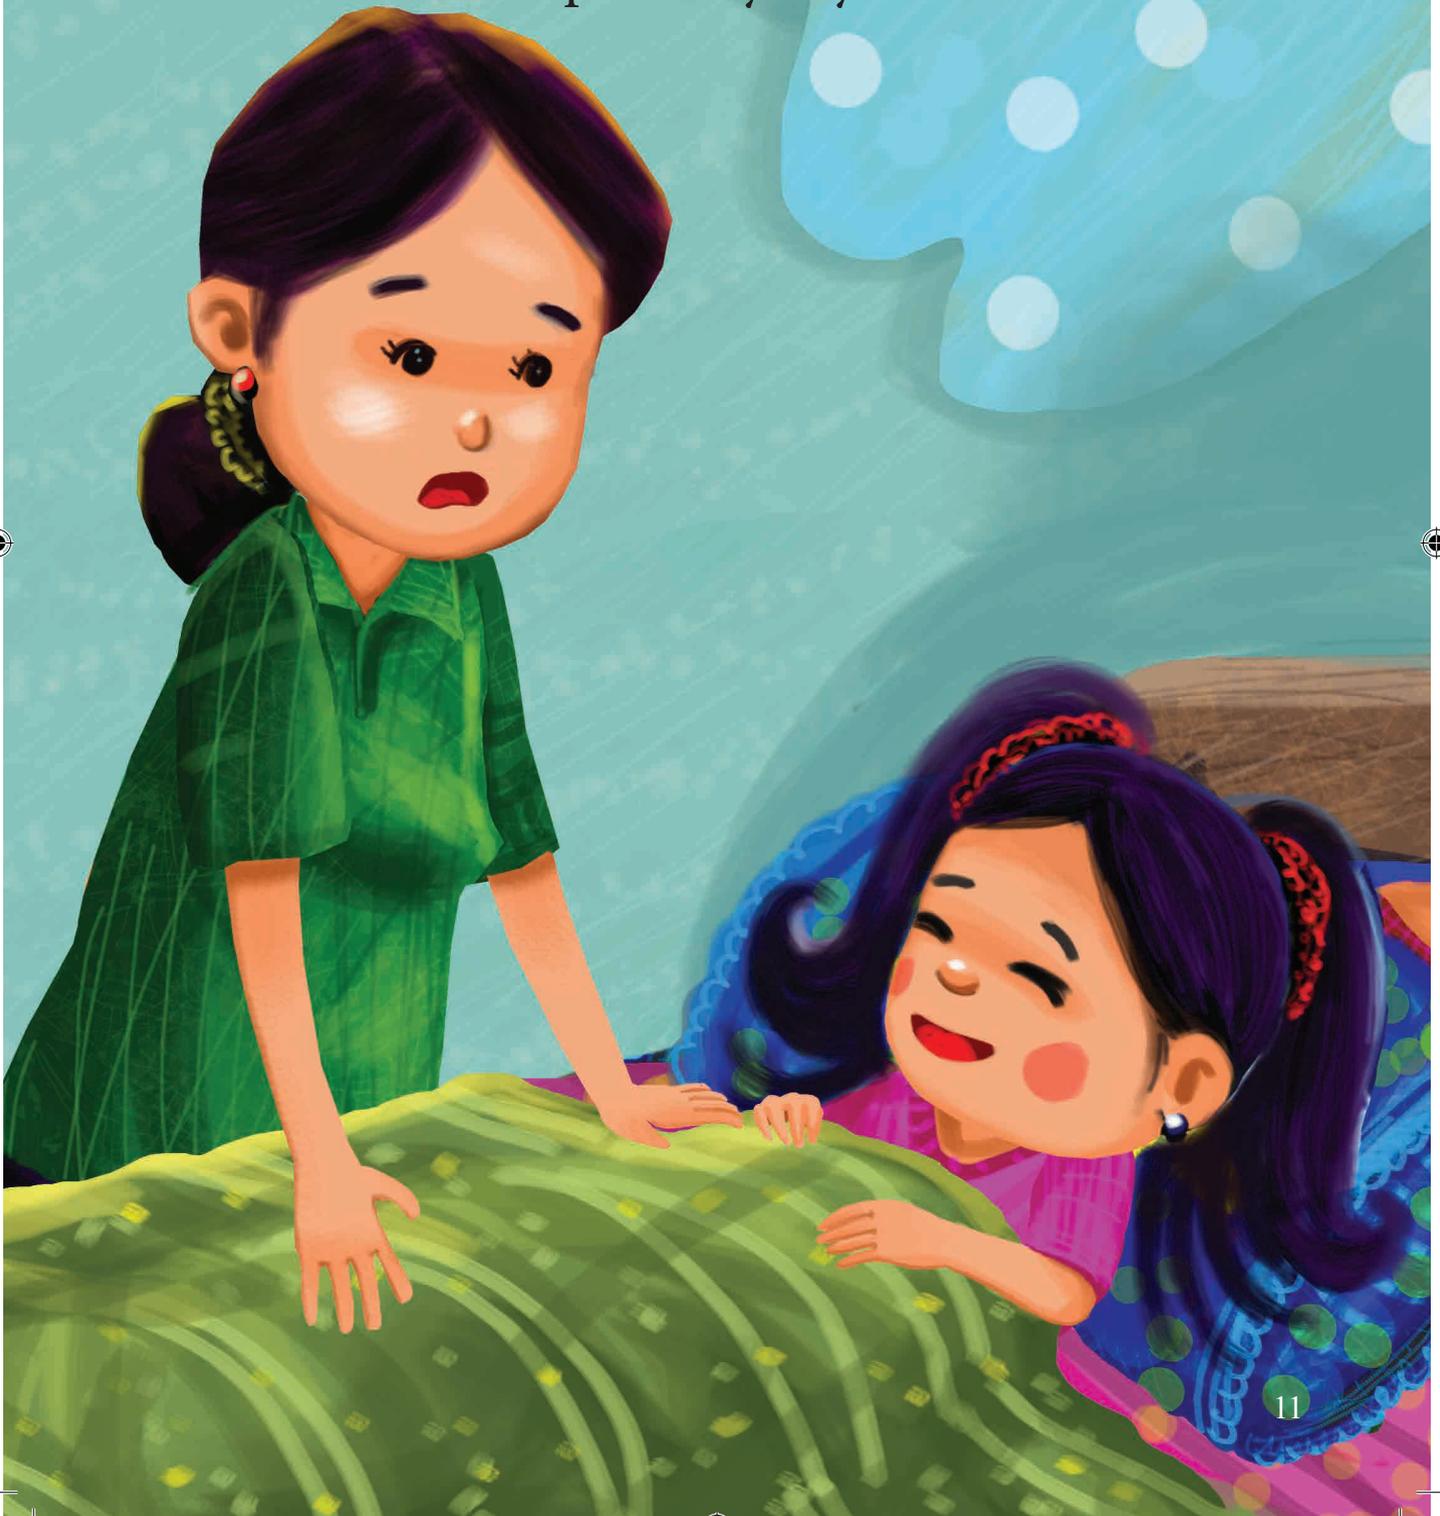

The night before the exam,  
Thiphthida stays up very late  
to make sure she has  
studied everything!

The next morning, Thiphida has  
trouble waking up.  
“Thiphida!” her mother says.  
“Get up! Today is your exam!”

She jumps out of bed, washes her face,  
dresses, and runs to school.

Thiphthida is ready for her exam!

When she comes home that evening,  
her mother is waiting for her with a beautiful  
bicycle. What a wonderful surprise!
